Our Story

Originally opened in Spain by husband-and-wife team and renowned restaurateurs, Sandro Silva and Marta Seco, Amazónico quickly became one of Madrid's most-popular and well-loved restaurants, with locations in London, Dubai, Monte Carlo and now, Miami.

Through taste, touch and sight, guests are taken on a sensory journey along the Amazon river, exploring the cultural and gastronomic heritage of the region. Discover true hospitality with a vibrant atmosphere, perfect for memorable entertaining, whatever the occasion.

A Culinary Experience

Our menus, created by Sandro Silva, feature dishes inspired by Latin America and the communities that inhabit the Amazon region. Each menu has been designed with sharing in mind, offering our guests the opportunity to experience an array of unique flavours. Pair these with an inventive selection of cocktails from the bar, or wines from our extensive list to make an unforgettable experience.

The Restaurant

Be it indoors or on the terrace, the ground-floor restaurant welcomes guests into a tropical haven of lush greenery, volcanic stone, and woven textures. An open kitchen offers front-row views of dishes being prepared, while live bands fill the space each evening with jazz, bossa nova, and Cuban rhythms. The immersive atmosphere continues throughout, shaped by moody lighting and an open layout that seamlessly blurs the line between interior and exterior.
